RECOMMENDATIONS

1 Bathroom Recommendations: **Measuring Bathroom Space**

Before doing anything, it's a good starting point to measure your full bathroom space. It's also a good idea to take note of details such as window location and any other significant features that could impact on the bathroom layout. This will provide an accurate idea of the bathroom space that is available to you.

This is useful information for guiding the types of products and design layouts for your new bathroom.

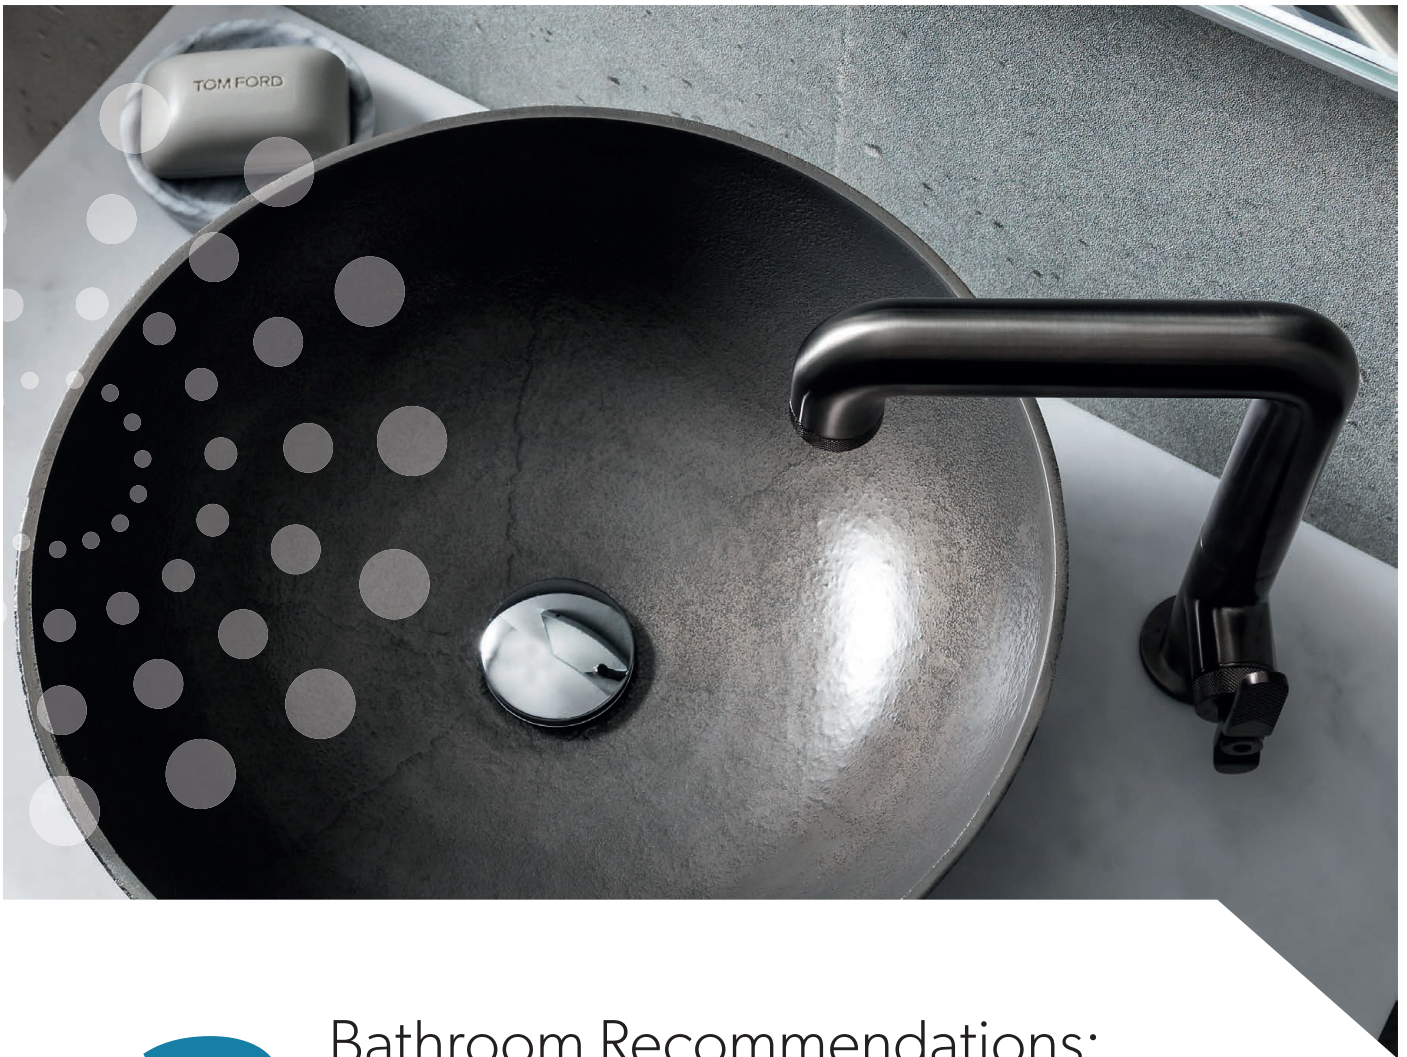

2

Bathroom Recommendations: **Consider Bathroom Requirements**

Now that the parameters of the bathroom space have been set, the questions of what you want your bathroom to do for you begin. Depending on your specific requirements you may want to include a bath or shower, or amend the location of your sink, toilet, etc.

This gives you the opportunity what will work best for your specific circumstance.

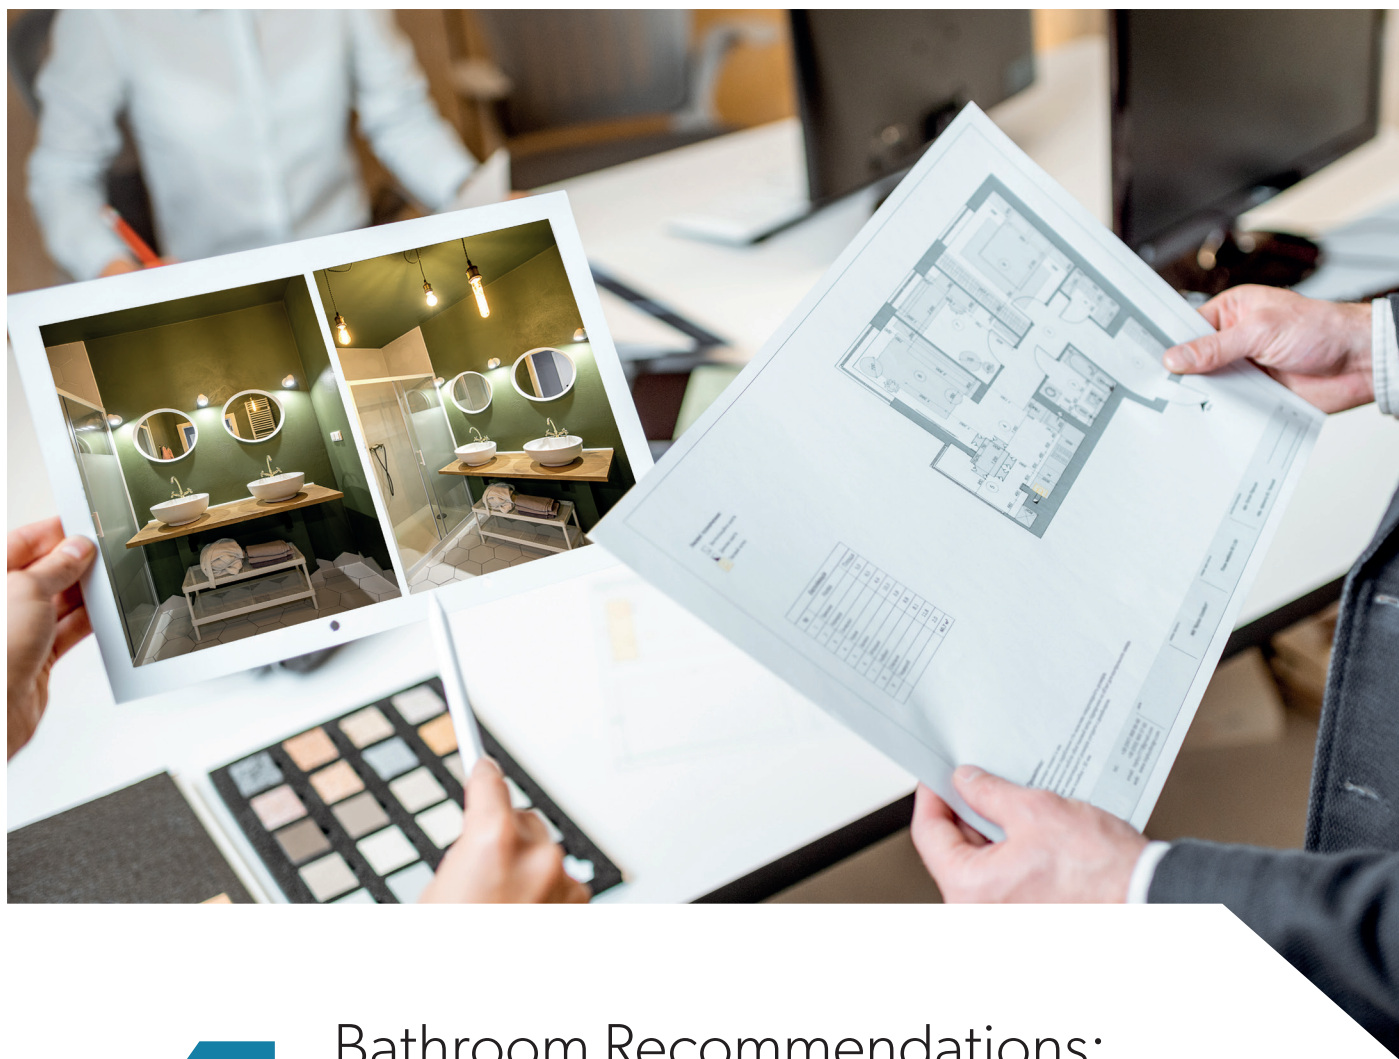

3

Bathroom Recommendations: **Seek Bathroom Inspiration**

Once you have an idea of measurements and what you want to achieve from your new bathroom the process of seeking bathroom inspiration can begin. At our large showroom you will discover a wide range of bathroom products and lifestyle settings. We stock all the biggest brand names with styles ranging from traditional to modern. Our experienced sales team will also be on hand to provide you with expert advice on our range of products and what will work best for you.

4 Bathroom Recommendations: **Visualise Bathroom Design**

Moving forward our experienced sales team will be on hand to create a range of complimentary 3D bathroom designs and layouts so you can visualise how your future bathroom would look in reality.

This is a great way for you to get a real feel for your proposed bathroom and provide you with the opportunity to make changes before any final decisions are made.

5 Bathroom Recommendations: **Recommended Bathroom Installers**

Now that you've created your perfect bathroom you may have your own tradespeople who will be able to fit your brand new bathroom.

However, if you don't have this, we will be happy to recommend installers who will be able to fit your bathroom to an excellent standard.
